VOTER REGISTRATION FOR STUDENTS

The Board of Education believes that getting young people involved in the election process helps to secure the future of democracy by preparing young people to be educated, engaged voters who have formed the habit of voting and contributing to civic life early.

In an effort to promote student voter registration, the Board directs the superintendent to offer all students who are at least 16 years old the opportunity to register. These students must be otherwise qualified to register to vote. These pre-registration will be automatically registered upon reaching the age of eligibility following verification of the person’s qualifications and address. The district will do so by regularly offering registration materials through social studies classes. Students who do not wish to pre-register to vote do not have to do so. There will be no penalty (including participation grades or credits) for choosing not to do so.
