

Mrs. Taylor's Art Supply List

(For Virtual and In-Person Students)

While I will provide many art supplies to the students, I am asking that **IF** your teacher's supply list **does not already include** the items below, your child have the following ready for art class.

This is due to restrictions on sharing materials. To be safe during this time, students will need to have some of their own, separate art materials. Thank you for your understanding. If there are any concerns, please feel free to contact me at ktaylor@bhbl.org. I look forward to sharing my love of art and enthusiasm for learning with your children.
